

CRUNCHY NUTS. كرانشي

40 Years of Expertise to Achieve Perfection...

One Second to Experience It.

Our history dates back to the late 1970's, when Zeidan Brothers first started to manufacture refined roasting and food processing machinery.

At that period of time, Zeidan Brothers have been collecting the bits and pieces of the work and were instrumental in turning this business towards an international expansion.

With the will and determination to sustain the work, this belief still holds true today and is the foundation that has enabled Crunchy Nuts to develop into regional and global entities every day.

MISSION

Through our attention to detail, accuracy and pride that serves as the foundation for our manufacturing system we make sure that commitment to quality is never compromised.

VISION

To achieve quality excellence through reaffirming the commitment to roasting and packaging, directing our workforce to rigorous training, while contributing to the society we live in.
